

VS Code interface showing the `index.html` file. The Explorer sidebar on the left shows the project structure with `index.html` and `style.css` files. The main editor displays the HTML code for a simple single-page website. The code includes a DOCTYPE declaration, a head section with meta tags for charset and viewport, a title, and links to Bootstrap CSS and jQuery. The body section contains a container with a navbar. The navbar has a brand link, a toggle button, and a collapse menu with links for Home, Portfolio, Services, and Blog.

```
1 <!DOCTYPE html>
2 <html>
3   <head>
4     <meta charset="UTF-8">
5     <meta name="viewport" content="width=device-width, initial-scale=1.0">
6     <title>Simple Single Page Website</title>
7     <link rel="stylesheet" href="style.css">
8     <link rel="stylesheet" href="https://stackpath.bootstrapcdn.com/bootstrap/4.5.2/css/bootstrap.min.css">
9     <script src="https://code.jquery.com/jquery-3.3.1.slim.min.js"></script>
10    <script src="https://stackpath.bootstrapcdn.com/bootstrap/4.5.2/js/bootstrap.min.js"></script>
11  </head>
12  <body>
13    <div class="container">
14      <nav class="navbar navbar-expand-lg">
15        <a class="navbar-brand" href="#"></a>
16        <button class="navbar-toggler" type="button" data-toggle="collapse" data-target="#navbarNav" aria-con
17          
18        </button>
19        <div class="collapse navbar-collapse" id="navbarNav">
20          <ul class="navbar-nav ml-auto text-right">
21            <li class="nav-item">
22              <a class="nav-link" href="#">Home</a>
23            </li>
24            <li class="nav-item">
25              <a class="nav-link" href="#">Portfolio</a>
26            </li>
27            <li class="nav-item">
28              <a class="nav-link" href="#">Services</a>
29            </li>
30            <li class="nav-item">
31              <a class="nav-link" href="#">Blog</a>
32            </li>
33          </ul>
34        </div>
35      </nav>
36    </div>
```

VS Code interface showing the `style.css` file. The Explorer sidebar on the left shows the project structure with `index.html` and `style.css` files. The main editor displays the CSS code for the website. The code defines styles for the navbar, including the toggle button, the collapse menu, and the nav links. The styles include margin, padding, width, height, color, font-weight, margin-left, box-shadow, and border-radius.

```
1 *
2 {
3   margin: 0;
4   padding: 0;
5 }
6 .navbar-toggler
7 {
8   outline: none !important;
9   padding: 0 !important;
10 }
11 .navbar-toggler img
12 {
13   width: 35px;
14 }
15 .navbar-brand img
16 {
17   width: 110px;
18 }
19 .nav-link
20 {
21   color: #c200ff !important;
22   font-weight: 600;
23   margin-left: 30px;
24 }
25 .wrapper
26 {
27   margin: 50px auto;
28   border-radius: 10px;
29   padding-top: 50px;
30   padding-bottom: 50px;
31   box-shadow: 0 0 40px 2px rgba(37,73,214,0.18);
32 }
33 .feature-box
34 {
```
